

2014 EPFFA River Championship Results

The 2014 event was again fished on the River Eden in Cumbria however, although not perfect, the conditions were a lot better than last year.

12 Anglers competed and with high water levels, fish were hard to find but as usual, some anglers found the correct method and managed to land some fish.

The Results

- Kevin Weller 6 fish total length 107cm
- Henryk Pycz 3 fish total length 68cm
- Dougie Johnson 3 fish total length 49cm
- Malcolm Naylor 1 fish 20 cm
- Iain Fraser 1 fish 19cm

The top 4 anglers will represent England in the National Championships on the River Clyde in June and at the Five Nations on the River Dee in September.

No other fish were caught on match day but Rory Noble was successful on the practice day and with no one else catching any grayling, it was agreed that he would act as a travelling sub along with Iain Fraser who finished in 5th place.

The arrangements for the 2015 event are still being arranged but it is hoped to announce the dates and venue soon

Malcolm Naylor
